I. OVERVIEW

The G-III Vendor Net 2.0 system has been designed to provide our vendors with the capability to create bar-coded carton content labels. These labels will contain both product and purchase order information and facilitate the scan receipt of shipments into all GIII distribution centers.

This documentation will provide detailed instructions on the GIII Vendor Net 2.0 System.

II. LOGGING ON

To enter the Vendor Net 2.0 System, click on the “Internet Explorer” or “Google Chrome” icon on your desktop. (Google Chrome Recommended)

Type in the web address: <https://portal.g3apparel.com/VNS/>

A screenshot of a web browser window showing the VendorNet login page. The browser's address bar displays the URL: https://portal.g3apparel.com/VNS/Account/Login?returnUrl=/VNS/. The page header includes the G-III Apparel Group logo on the left and the VendorNet logo on the right. Below the header, there are links for 'Login' and 'Register'. The main content area is titled 'VendorNet Login' and contains a form with the following elements: a 'User id:' field with the text 'cmarchese' entered; a 'Password:' field with masked characters '••••••' and a visibility toggle icon; a 'Remember me' checkbox which is checked; and two buttons labeled 'Log In' and 'Clear'. To the right of the form, there is a 'Tips:' section with the text: 'Use registered user id and password for logging into the VendorNet system' and 'Password need to be 6 to 10 char long'.

To enter the Vendor Net 2.0 system, you must sign on with your designated User ID and Password.

1. USER ID - enter your designated user name. Must be between 3-15 characters.

2. PASSWORD - enter your designated password. Must be between 6-10 characters.

Click **[Log In]** to continue.

VendorNet Registration

Display Name:

Name of Business:

User id:

Password:

Confirm Password:

Email:

Default Vendor Code:

Additional Vendor Codes:

Label Stock:
 4 Labels in 8.5x11 sheet 1 label per 4x6 label stock

Register Clear

Tips:
Display Name identifies person - use First Name and the Last Name
Name of Business identifies the business you represent like agent, vendor or factory etc.
UserId - this is used for logging into the Vendornet system
Password need to be 6 to 10 char long
Email - this is used for communication from vendor net. Please use group email id for multiple recipients.
Default Vendor code - Vendor Net allows you to register for multiple vendors. This is useful for entities like agents who deal with multiple vendors. You need to make one as default Vendor, the system initially loads with this vendor code. please fill in GIII assigned vendor code that is maximum 3 char long or numeric factory code.
Additional vendor codes - please fill in separated by commas.
VendorNet CCL (Content and Carton Labels) are generated in PDF format. You can download this PDF and print to a local printer. You can choose stock - either 8.5" x 11" paper where 4 labels are printer per page or a 4 x 6 label which is one label per page.

Display Name: Display Name identifies person - use First Name and the Last Name

Name of Business: Name of Business identifies the business you represent like agent, vendor, or factory etc.

User id: This is used for logging into the Vendor Net 2.0 System

Password: Needs to be 6 to 10 characters' long

Confirm Password: Re-enter to confirm

Email: Email account is used for communication from vendor net.
You can provide a group id if multiple needs to get emails.

Default Vendor Code: Default Vendor code - Vendor Net allows you to register for multiple vendors. This is useful for entities like agents who deal with multiple vendors. You need to make one as default Vendor, the system initially loads with this vendor code. Please fill in GIII assigned vendor code that is max 3 characters long (alpha) or 5 characters numeric.

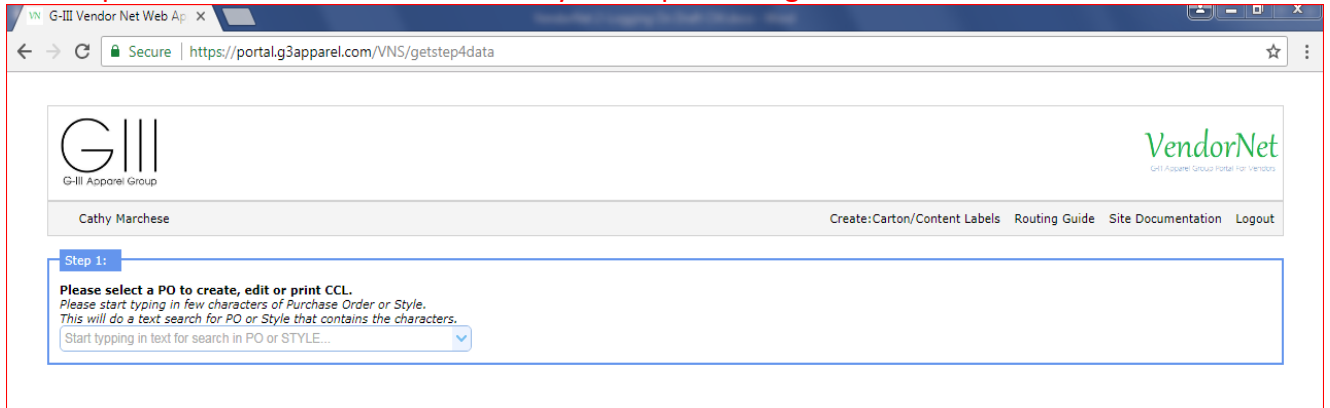

Additional Vendor Codes: Additional vendor codes - please fill in separated by commas.

Label Stock:

Vendor Net CCL (Content and Carton Labels) are generated in PDF format. You can download this PDF and print to a local printer. You can choose stock - either 8.5" x 11" paper where 4 labels are printer per page or a 4 x 6 label which is one label per page.

Each user profile is assigned to a unique vendor number. Upon signing into the system, the user will be brought into the above screen and must double-click on the Vendor Name listed in the drop down box to confirm that is who you are processing labels as.

Options

CREATE CARTON CONTENT LABELS (CCL) - Will bring you to the Step 1 Process

ROUTING GUIDE - Access the most up to date instruction for packing and carton requirements, as well as Consignee and Notify Party information.

SITE DOCUMENTATION - Access the Vendor Net instructions

LOGOUT- To exit the Vendor Net 2.0 system.

The system will time out after 5 minutes of inactivity

III. SEARCH BY PO AND STYLE

Step 1: Please select a PO to create, edit or print CCL.

Please start typing in few characters of Purchase Order or Style. This will do a text search for PO or Style that contains the characters.

Purchase Order Search

| ID | Purchase Order | Season | Style | Warehouse | DEPARTURE DATE | Current Open PO Units | Total PO Units | Current CCL Units | BALANCE CCL UNITS |

| JTB | Number Cartons by size: | | 8 | 8 | 10 | 10 | 36 Cartons |
| JTB | Units for Mixed SKU by size: | | 0 | 0 | 0 | 0 | |

First select and finalize CCL for Single_SKU and then click on 'Create Mixed SKU CCL'. You will not be able to change Single_SKU CCL after you click on 'Create Mixed SKU CCL'

You have selected 560 Units in 68 Single SKU CCL.

Units to Label by size:

Total amount of open units for Purchase Order / Color. Change the quantity per size if creating a partial shipment of the open units.

Units/Cartons for each size:

Total quantity to be packed in each carton per SKU. This will automatically populate from the Quick Fill Table. You can also override the Size within the Quick Fill Table or the quantity by Size within this field to update as needed.

Number Cartons for each size:

Total cartons per each SKU based on units per carton

Units for Mixed SKU for each size:

Balance of units to be packed which do not fit within the designated carton amount. If needed, modify the units per carton to fit as needed. Units left over by size can have additional **Single SKU** labels created. Otherwise, **See Section 4** for creating Carton labels for Mixed SKU’s

The total amount of Units & CCL’s will be listed for each color and overall total will be displayed.

Click **Create Label** to generate CCL Labels and Carton Detail Report

Note: To keep all cartons in sequence (ex: 1 of xx), first complete the entry/modification of Units per Carton by Size for Single SKU on the SKU Matrix. Once the left over balance is determined, click on 'Create Mixed SKU CCL'. You will not be able to change Single SKU CCL after you click on 'Create Mixed SKU CCL'

!! If you have an overage, contact G-III Production to update the purchase order. The update time is immediate and will be reflected in the system once they have completed the change.

The Batch ID will be assigned with the Carton Content Report and Carton Content as well as an option to Change/Delete Label (see section 8)

Carton Content Label

Two labels are generated for each carton. The label includes PO#, Style, Color, Size, a Barcode for the carton id and Carton # and total units in the carton.

Save and print the labels on required Label Stock.

!! Important Notice:

Once a label is created and then deleted for any reason, the deleted label must not be used on cartons for shipments. Labels that have been deleted are not recognized at the receiving level and therefore cannot be processed. Please note that that new labels must be created and placed on the carton.

PLEASE NOTE IF CARTONS ARE SHIPPED WITH LABELS THAT WERE DELETED, A CHARGEBACK MAY BE INCURRED.

To create Single SKU CCL for open balances / uneven quantities:

Use **Quick Fill** and/or the **SKU Matrix Units/Cartons by Size** to determine how many units to pack per single sku cartons.

The below example starts with 14 units per size. Since the carton quantities are not equally divisible by 14, the balance is left over as **Units for Mixed SKU by Size**.

Create Label:

Quick Fill: If you have multiple colors or dimensions and prefer to use the same Units/Carton for all sizes, just fill in the 'Units Per Carton' under the ANY SIZE column. This will auto fill in for all sizes in the QuickFill as well as in SKU Matrix box below. You can change each size separately in the QuickFill table which will recalculate the Unit totals below. In Addition you can change 'Units to Label' or 'Units Per Carton' at any color/dimension/size level in SKU Matrix box if needed.

Quick Fill:

| Description | ANY_SIZE | Sizes | | | | | | |

| CLR/DIM | DESCRIPTION | Sizes | | | | | | TOTAL |
|---------|------------------------------|-------|-----|-----|-----|----|----|------------|
| | | XXS | XS | S | M | L | XL | |
| BOO | Units to Label by size: | 57 | 127 | 164 | 116 | 47 | 12 | 523 Units |
| BOO | Units/Cartons by size: | 14 | 14 | 14 | 14 | 14 | 12 | |
| BOO | Number Cartons by size: | 4 | 9 | 11 | 8 | 3 | 1 | 36 Cartons |
| BOO | Units for Mixed SKU by size: | 1 | 1 | 10 | 4 | 5 | 0 | 21 Units |

First select and finalize CCL for Single_SKU and then click on 'Create Mixed SKU CCL'. You will not be able to change Single_SKU CCL after you click on 'Create Mixed SKU CCL'
You have selected 502 Units in 36 Single SKU CCL.

If a balance is left over in **“Units for Mixed SKU by Size”** you can create a mixed CCL Carton, unless instructions for a specific customer specify otherwise.

Extra Cartons/Units

- Only 1 extra carton per style/color is permitted to pack the units that will not fit in the carton based on the number of units entered.
- For example, the above PO has a balance of 10 pieces each. If the units per carton cannot be modified, the balance can be packed together in a mixed sku carton.

Click **Create Mixed SKU Label**

The Mixed SKU Matrix will be displayed with the extra units to be packed. Larger quantities can still be packed by single sku. Blank out all sizes except the size to create. Blank out additional colors if needed. This step can be done several times until all units are assigned to a CCL.

First select and finalize CCL for Single_SKU and then click on 'Create Mixed SKU CCL'. You will not be able to change Single_SKU CCL after you click on 'Create Mixed SKU CCL'

You have selected 502 Units in 36 Single SKU CCL and 21 Units in 2 Mixed SKU Cartons

Create Mixed SKU CCL Create Label

Once all Mixed Sku cartons and Single Sku cartons are confirmed, click **Create Label** to finalize the batch and labels.

Note: To keep all cartons in sequence (ex: 1 of xx), first complete the entry/modification of Units per Carton by Size for Single SKU on the SKU Matrix. Once the left over balance is determined, click on 'Create Mixed SKU CCL'. You will not be able to change Single SKU CCL after you click on 'Create Mixed SKU CCL'

The Batch ID with the cartons & labels is created.

V. REQUEST LABELS FOR MIXED SKU'S

There are several options to create Mixed SKU labels.

Option 1:
Multi SKU-Single Color

Select PO

Click on the Purchase Order number for which you would like to order labels.

Select PO:

Please select a PO to create, edit or print CCL.
Please start typing in few characters of Purchase Order or Style.
This will do a text search for PO or Style that contains the characters

P8LM9D99

| ID | Purchase Order | Season | Style | Warehouse | DEPARTURE DATE | Current Open PO Units | Total PO Units | Current CCL Units | BALANCE CCL UNITS |
|----|----------------|--------|----------|-----------|----------------|-----------------------|----------------|-------------------|-------------------|

Use **Quick Fill** and/or the **SKU Matrix Units/Cartons by Size** to determine how many units to pack per single sku cartons.

Quick Fill:

| Description | ANY_SIZE | Sizes | | | | | |
|---------------------------|----------|-------|----|----|----|----|----|
| | | XXS | XS | S | M | L | XL |
| Quick Fill - UNITS/CARTON | 20 | 20 | 20 | 20 | 20 | 20 | 20 |

SKU Matrix:

PO: DW97431DN | Sea: V | Style: P8LM9D99 | ShipVia: SEA | Dep.Date: 10/12/2018 | Customer: STKDN | Customer PO: | Whs: DN | Pack Type: F | CCL-FLAT/GOH: FLAT

| CLR/DIM | DESCRIPTION | Sizes | | | | | | TOTAL |
|---------|------------------------------|-------|----|----|-----|-----|----|------------|
| | | XXS | XS | S | M | L | XL | |
| NGR | Units to Label by size: | | | 90 | 180 | 180 | 90 | 540 Units |
| NGR | Units/Cartons by size: | | | 20 | 20 | 20 | 20 | |
| NGR | Number Cartons by size: | | | 4 | 9 | 9 | 4 | 26 Cartons |
| NGR | Units for Mixed SKU by size: | | | 10 | 0 | 0 | 10 | 20 Units |

First select and finalize CCL for Single_SKU and then click on 'Create Mixed SKU CCL'. You will not be able to change Single_SKU CCL after you click on 'Create Mixed SKU CCL'

You have selected 520 Units in 26 Single SKU CCL.

Extra Cartons/Units

- Only 1 extra carton is permitted to pack the units that will not fit in the carton based on the number of units entered.
- For example, the above PO has a balance of 10 pieces each. If the units per carton cannot be modified, the balance can be packed together in a mixed sku carton.

Click **Create Mixed SKU CCL** to generate a mixed carton of first.

The 10/S and 10/XL will be displayed. Click **Add a Mixed Carton**

Mixed Matrix:

Create Mixed SKU CCL one by one

| CLR/DIM | DESCRIPTION | Sizes | | | | | | TOTAL |

| NGR | Units for Mixed SKU by size: | | | | | | | 0 Units |
| NGR | MixedSKUCCL-1 | | | 10 | 0 | 0 | 10 | 20 Units |

First select and finalize CCL for Single_SKU and then click on 'Create Mixed SKU CCL'. You will not be able to change Single_SKU CCL after you click on 'Create Mixed SKU CCL'

You have selected 520 Units in 26 Single SKU CCL and 20 Units in 1 Mixed SKU Cartons

Once all Mixed Sku cartons and Single Sku cartons are confirmed, click **Create Label** to finalize the batch and labels

Note: To keep all cartons in sequence (ex: 1 of xx), first complete the entry/modification of Units per Carton by Size for Single SKU on the SKU Matrix. Once the left over balance is determined, click on 'Create Mixed SKU CCL'. You will not be able to change Single SKU CCL after you click on 'Create Mixed SKU CCL'

A Batch ID will be created with the Report and Labels for the single SKU cartons and an option to Change/Delete Label (see section 8)

!! Important Notice:

Once a label is created and then deleted for any reason, the deleted label must not be used on cartons for shipments. Labels that have been deleted are not recognized at the receiving level and therefore cannot be processed. Please note that that new labels must be created and placed on the carton.

PLEASE NOTE IF CARTONS ARE SHIPPED WITH LABELS THAT WERE DELETED, A CHARGEBACK MAY BE INCURRED.

Option 2:
Mixed SKU-Single Color (if style has multi colors)

Choose PO# / Style# and click **Action >>>**

Create Label:

Please select a Detail Group to create CCL for PO DW78406CN

Use **Quick Fill** and/or the **SKU Matrix Units/Cartons by Size** to determine how many units to pack per single sku cartons.

Quick Fill: If you have multiple colors or dimensions and prefer to use the same Units/Carton for all sizes, just fill in the 'Units Per Carton' under the ANY SIZE column. This will auto fill in for all sizes in the QuickFill as well as in SKU Matrix box below. You can change each size separately in the QuickFill table which will recalculate the Unit totals below. In Addition you can change 'Units to Label' or 'Units Per Carton' at any color/dimension/size level in SKU Matrix box if needed.

Quick Fill:

| Description | ANY_SIZE | S i z e s | | | | | | |
|---------------------------|----------|-----------|----|----|----|----|----|--|
| | | XXS | XS | S | M | L | XL | |
| Quick Fill - UNITS/CARTON | 20 | 20 | 20 | 20 | 20 | 20 | 20 | |

Use **Quick Fill** and/or the **SKU Matrix Units/Cartons by Size** to determine how many units to pack per single sku cartons.

Quick Fill: If you have multiple colors or dimensions and prefer to use the same Units/Carton for all sizes, just fill in the 'Units Per Carton' under the ANY SIZE column. This will auto fill in for all sizes in the QuickFill as well as in SKU Matrix box below. You can change each size separately in the QuickFill table which will recalculate the Unit totals below. In Addition you can change 'Units to Label' or 'Units Per Carton' at any color/dimension/size level in SKU Matrix box if needed.

Quick Fill:

| Description | ANY_SIZE | S i z e s | | | | | |
|---------------------------|----------|-----------|----|----|----|----|----|
| | | XXS | XS | S | M | L | XL |
| Quick Fill - UNITS/CARTON | 0 | 0 | 15 | 15 | 15 | 15 | 15 |

Troubleshooting

If creating batches without entering units within Quick Fill or Units / Cartons By Size, it is possible to generate negative quantities. It will be best to track outstanding balances when carton/units match.

Negative Quantity Displayed

First select and finalize CCL for Single_SKU and then click on 'Create Mixed SKU CCL'. You will not be able to change Single_SKU CCL after you click on 'Create Mixed SKU CCL'

You have selected 0 Units in 0 Single SKU CCL.

VI. REQUEST LABELS FOR GOH

When shipping GOH, use a single CCL for all units that are shipped together. Please see section 9 of this documentation for the label placement instructions for GOH shipments.

Select PO: Select G-III PO /Style Number

The screenshot shows the 'Select PO' interface in VendorNet. At the top left is the G-III Apparel Group logo, and at the top right is the VendorNet logo. Below the logos is a navigation bar with the user name 'Cathy Marchese' and links for 'Create:Carton/Content Labels', 'Routing Guide', 'Site Documentation', and 'Logout'. The main area is titled 'Select PO:' and contains instructions: 'Please select a PO to create, edit or print CCL. Please start typing in few characters of Purchase Order or Style. This will do a text search for PO or Style that contains the characters.' A search dropdown menu is open, showing 'CDJOWD00'. Below the search area is a table with the following data:

| ID | Purchase Order | Season | Style | Warehouse | DEPARTURE DATE | Current Open PO Units | Total PO Units | Current CCL Units | BALANCE CCL UNITS |
|----|----------------|--------|----------|-----------|----------------|-----------------------|----------------|-------------------|-------------------|

Create Label- Select G-III PO /Style-Check "GOH".

- When you select CCL-GOH, a single CCL is created for all the items using SKU Matrix.
- Verify/adjust the quantity per size (if needed) and click Create Label.
 - If you need to flat pack, use the FLAT or PRE_PACK option in 'Create Label' box and select Action >>> to display Quick Fill table and Quantities Per Color to Pack in SKU Matrix box.

The screenshot shows the 'Create Label' interface in VendorNet. At the top left is the G-III Apparel Group logo, and at the top right is the VendorNet logo. Below the logos is a navigation bar with the user name 'Cathy Marchese' and links for 'Create:Carton/Content Labels', 'Routing Guide', 'Site Documentation', and 'Logout'. The main area is titled 'Create Label:' and contains instructions: 'Please select a PO to create, edit or print CCL. Please start typing in few characters of Purchase Order or Style. This will do a text search for PO or Style that contains the characters.' A search dropdown menu is open, showing 'CD8C11UW'. Below the search area is a table with the following data:

| Please select a Detail Group to create CCL for PO CDJOWD0001 | | | | | | | | | | | | |

Click on **Report** to view Mixed Sku by color/size. A separate tab will open with a PDF report that can be saved/printed.

Click on **Label** to view Mixed Sku Carton Content Label (CCL) by color/size. A separate tab will open with a PDF report that can be saved/printed.

Click on **Change/Delete Label** to view make corrections or to delete the label if necessary. All updated totals will be reflected in the SKU Matrix (click **Action >>>**)

!! Important Notice:

Once a label is created and then deleted for any reason, the deleted label must not be used on cartons for shipments. Labels that have been deleted are not recognized at the receiving level and therefore cannot be processed. Please note that that new labels must be created and placed on the carton.

PLEASE NOTE IF CARTONS ARE SHIPPED WITH LABELS THAT WERE DELETED, A CHARGEBACK MAY BE INCURRED.

VII. PREPACKS

Types of Prepacks

System defined prepack with mixed size range. All styles are identified by season “P” (Prepack), Color & Dimension and size AST for Assorted.

Select PO - Click on a Purchase Order to view the options window.

Create Label: You can use either Flat or Pre-Pack option.

Select PO:

Please select a PO to create, edit or print CCL.
Please start typing in few characters of Purchase Order or Style.
This will do a text search for PO or Style that contains the characters.

K4865638

Create Label:

Please select a Detail Group to create CCL for PO DSRT818DW

| GIII PO | Season | Style | Ship Via | Departure Date | Customer | Customer PO# | Warehouse | PO Pack Type | CCL Flat/GOH/Pre-Pack | | | Action |

Click **Action >>>**

Quick Fill - Size AST represents Assorted sizes. Each casepack is identified by a color/dimension (CLR/DIM) which contains a designated size range. (example: CLR BLK=Color Black).

DIM T33=12 pairs sizes 1/6, 1/6.5, 1/7, 2/7.5, 2/8, 2/8.5, 1/9, 1/9.5, 1/10). Production will provide each factory with the applicable sizes/units per case.

Note: Prepack Shortages

If the designated prepack is short units for any quantity/size, contact GIII Production. A new Purchase order with open sizes will need to be created.

Create Label:

Please select a Detail Group to create CCL for PO DSRT818DW

Carton Content Label

Two labels are generated for each carton. The label includes PO#, Style, Color, Size, a Barcode for the carton id and Carton # and total units in the carton.

Save and print the labels on required Label Stock.

Quick Fill: If you have multiple colors or dimensions and prefer to use the same Units/Carton for all sizes, just fill in the 'Units Per Carton' under the ANY SIZE column. This will auto fill in for all sizes in the QuickFill as well as in SKU Matrix box below. You can change each size separately in the QuickFill table which will recalculate the Unit totals below. In Addition you can change 'Units to Label' or 'Units Per Carton' at any color/dimension/size level in SKU Matrix box if needed.

Scroll down to the bottom of the screen and click **Finish**

The carton that was adjusted now reflects the new carton quantity.

The Batch Carton Detail Report and CCL Label print will be updated and the units from the deleted label will be removed.

IX. LABEL PLACEMENT INSTRUCTIONS

See **DKNY GIII DC Carton Marking and Packing Details** for more details.

1. Label placement instructions for PO's shipped in regular cartons:

Every label that is generated will be sent in twofold.

One CCL must be applied to the left top corner of the short side of the carton and One CCL must be applied to the left top corner of the long side of the carton.

2. Label placement instructions for PO's shipped as hanging garments (GOH):

Every label that is generated will be sent in twofold. The 1st CCL must be adhered to the top left corner of the poly bag on the lead hanging garment (smallest size of any color) for the PO/shipment. The 2nd CCL label must be applied to the last hanging garment for the PO.
